

ANTI-CLOCKWISE WIRE CLIP

CLAMPS AND TIGHTENING SYSTEMS › CLAMP RIDES THE WIRE

HOSE CLAMP "WIRE CLIP" ANTICLOCKWISE

FOR TUBES WITH EXTERNAL SPIRAL OR METAL CRIMP,

IDEAL FOR CONSTANT TIGHTENING OF THE PIPE TO THE CONNECTION SLEEVE.

Used for flexible air/gas ducts at low pressure in pipes, even large ones.

TORRO cable tie made in Germany with high performance and seals . **12mm BAND**

The shape of the screw/drawer system is able to guarantee high tightening torques and satisfy the most demanding applications; the edges of the band are rounded to avoid damage to the tubes.

standard supply entirely in W4 AISI 430 steel

supplied upon request entirely in W5 AISI 304 steel

- Asymmetrical case to prevent the drawer from twisting when closing
- uniform distribution of forces and safe assembly. Screw with integrated guide collar
- ease of assembly thanks to the collar integrated into the screw that guides the cable tie tape
- Construction material and clamping range indicated on the tape
- prevention of errors Asymmetric drawer position
- uniform distribution of contact pressure
- better efficiency Smooth or internally printed ribbon
- optimal protection of the tube thanks to the band with rounded edges
