

25 meter hose reel **SMALL SIZE**

HOSE REEL › Mini hose reel

Spring hose reel in painted steel □ **SMALL SIZE** □ series single sided suitable for use at distances of up to 25 m for Ø 1/2" pipes.

The innovative construction design makes the reel particularly suitable for applications in environments with limited availability of space in width thanks to a maximum size of 560 mm, for example inside compact boxes.

The presence of a swivel bracket (on request) allows rotation beyond 90° for frontal use and quick repositioning after use without create obstacles for the operator or other equipment.

On request version with brake-spring kit

STAINLESS STEEL VERSION - maximum pressure 200 bar for AdBlue®.
