

PVC SPIRAL

SPIRAL

Spiral and curved shaped flat band in rigid shockproof PVC. Ideal for wrapping and containing bundles of hydraulic and hydraulic pipes and electrical wiring. Excellent resistance to abrasion, crushing, ultraviolet rays, ozone and flame.

Complies with UL94 V0 self-extinguishing class

Operating temperature: -10° +70°C

SHORE HARDNESS A78 +/-5

Elongation at break (ISO R 527): 130%

Breaking load (ISO R 527): 40 kg/cm²

VICAT 5 Kg (ISO R 306) 79°C +/-2

IZOD +23°C (ISO R 180): 250 J/m +/-50

Elastic modulus (ISO R 178): 2800 N/mm² +/-100
