

POLYURETHANE EXPANSION HOSE

FITTINGS FOR COMPRESSED AIR › COMPONENTS FOR INDUSTRIAL COMPRESSED AIR PLANTS › HOSES FOR COMPRESSED AIR SYSTEMS

Flattenable hose in highly abrasion-resistant POLYURETHANE.
Can be used as an air cushion for high mechanical performance.

APPLICATION:

Designed to replace rubber profiles, guaranteeing 10 times greater durability.
Tested up to 7,000,000 cycles.

SAFETY FACTOR 3:1

WORKING TEMPERATURE: -40° +60°C

NEUTRAL TRANSLUCENT COLOR
