

SPIRALCHEMICAL TUBE/10

HOSES › Chemical hoses

Flexible antistatic EPDM rubber hose.

Smooth black underlayer, the reinforcing textile inserts, the steel spiral and the copper cable are incorporated within the thickness of the wall to guarantee electrical continuity.

Black antistatic cloth finish with $R < 10^6$ O/m cloth finish resistant to many aggressive chemical products and to atmospheric agents and ozone.

Use: suction and delivery of aggressive chemical products according to EN 12115.

Maximum working pressure 16 bar - burst 64 bar

Vacuum suction 0.90 bar.

Operating temperature -40° $+100^{\circ}$ C

Also available, on request, in other diameters, pressures, shapes (cord, corrugated or corrugated) with sleeves at the ends in suitable lengths

Packed in standard 40 meter rolls.
